- Choose your Venue - remember to book early especially if you are planning on a summer wedding.
- Theme - deciding on colours this early will help when matching everything.
- Invitations - normally these are best sent 6 months in advance, however if your wedding is a long way off, perhaps send a save the date card first, and remember to include and RSVP date.
- Menu - If you are having a choice menu then maybe include this with the invitation so that your guests can make their selection, including any dietary requirements they may have.
- Wedding Present List - If you have registered your list, or if you prefer your guests to give you money as a gift, then remember to include this detail on your invitations.
- Wedding Dress - make sure you order your Dress in plenty of time, normally at least 4 months in advance, always allowing time for any alterations that may be needed.
- Bridesmaid Dresses - if buying your dresses order them around the same time frame as your dress, or if you are having them made always remember when you give the seamstress the material and instructions, allowing plenty of time for fittings.
- Groom & Best Man Suits.
- Photographer - always book early as soon as you have a set date, especially if booking during the peak season.
- Flowers - book an appointment with your chosen florist to discuss your needs.
